

# MLCS Parent Volunteer Survey

Welcome new and returning families to MLCS! The involvement of our families is one of our greatest strengths. **Every volunteer commitment, large or small is very important.**

There are many volunteer opportunities listed, so please let us know how you are able to help. Your volunteer efforts benefit our teachers, staff, and most of all, our children. We promise to put your time, energy, and skills to good use. MLCS staff and the Parent Teacher Fellowship use the information you provide to create volunteer lists for potential projects. Please check all areas you and your spouse would like to be involved with.

MLCS requires each family to donate 30 volunteer hours per school year. We encourage you to find an area where you enjoy serving or to use your valuable skills!
