Mother Lode Christian School Athletic Mission Statement

"First, that each student grows in the love and knowledge of Jesus Christ. Secondly, that each student advances their athletic skills to think clearly, reason well, address problems with creative solutions, and communicate clearly."

Our middle school athletic program needs to contribute to the mission of our institution. For this Christian school, we must, or else we become distractions and distortions of who or (whose) we are. The public area of middle school sports can be an incredible opportunity for Christian schools to bear witness to the name of Christ, often one of our most public voices in our community. Mother Lode Christian School needs to challenge the principles and practices within its own athletic program to foster alignment from administrator to athlete so that the deep hope of each school is realized through a transformative experience for athletes, coaches and the wider community. For this reason, we need to ensure our athletic program is aligned with our mission. Our goal at Mother Lode Christian School is to follow the established mission for our student athletes to thrive as they bring that mission to life in the way they learn, practice, and play.

"Let your light so shine before men, that they may see your good works and glorify your Father in heaven." Matthew 5:16
